

always be Esperanza. You will always be Mango Street //

I am a red balloon, a balloon tied to an anchor
HAPPY

loving yourself

my hair is lazy

never can be tamed

acceptance

Esperanza

Soon I realized who I was

HOPE

"It's small & red with tight steps in front with windows so small you'd think they were holding their breath."

I am tired of looking at what we can't have & You will be being beautiful ! I am tired of looking at what we can't have & You will

i see a home in the heart we are tired
